

1333 Highland Road, Suite P Macedonia, OH 44056 (330) 998-7380

InsightFuel is a philosophy for helping contractors build CNG fueling stations faster with uncompromised safety and efficiency.

Continuous lengths of coiled tubing up to 700 lineal feet for 1/2" and 300' for 3/4". When installing, the tubing is jacketed in high density polyethylene conduit for protection.

Summary

- CNG Safety Yellow
- Two sizes
 - 1-1/4" nominal diameter for single 1/2" or 3/4" tubes, with 4" max. bend radius
 - 2" nominal diameter for up to three 1/2" tubes, two 3/4" tubes, or one 1" x 0.120" mw., with 9" max bend radius
- Made in USA

- 400# tensile pull resistance
- 275# crush resistance

Ordering Information		
HDPE 1 1/4 in.		
MCSCONDUIT1250X300CL-YL	300 fts Coil	1-1/4 HDPE for 1/2 and 3/4 in. Tube
MCSCONDUITKIT20X8	1-1/4 in. Cap; One 1/2" Hole	1-1/4 HDPE Kit for 1/2 Tube
MCSCONDUITKIT20X12	1-1/4 in. Cap; ONE 3/4" Hole	1-1/4 HDPE Kit for 3/4 Tube
HDPE 2 in		
MCSCONDUIT2000X1FT-YL	Cut to length in 1 foot increments	2 HDPE 1 for 1 in. Tube.
MCSCONDUITKIT32X16	2 in Cap; 1 Hole 1 in.	2" HDPE Kit for 1 in. Tube
MDPE 2 in.		
MCSMDPE2000X500CL-YL	500 ft. COIL	2in. MDPE for 1 in. Tube
MCSPECPLG2.0	Aluminum Union	Coupling for 2 in. Conduit
All kits contain (4 Caps, 4 Vinyl Tube End Protectors)
